We could talk about the tranquility of the shady garden and its swimming pool, the taste and care taken in decorating the rooms or the quality of the local products at breakfast, but in reality what we will keep from our visit is the attentive welcome from Hubert and Fatih. Beyond the good advice and the desire to make our stay pleasant, we will remember the warm conversations and the privileged moments of sharing.

We discovered this haven of peace last year and of course we wanted to go back. What we did this summer. Did we regret it? How to say ? It is magic. So. There is no other word, it is truly magical. The decor, the room but not only! The hosts have this sense of welcome that makes you feel good. May they be thanked here for making this place so pleasant where it is good to stop for a summer!

What to add to all these praises???? Well, more praise. We made a mini stay in this little paradise to celebrate my husband's birthday on August 15 and to breathe a little between 2 boxes for a move. We were warmly welcomed by Hubert

and Fatih, taken to a superb room decorated with great taste, fed the next morning with a breakfast as beautiful as it was good and plentiful. This couple is zen incarnate, kindness and attention taken to the extreme 🙏🙏🙏. In short, I could write lines and lines again about them and their little nest, but I'm going to stop and just say thank you for existing and opening their doors to us. We will definitely be back....!!!!

Where to start? To do with the owners Fati and Hubert: I did not expect this from the site B & B but Hubert and Fati make you feel immediately at home. We had a few delays and arrived much later than expected. They were just waiting for us to offer us drinks and help us unload the car. If you have small children, you don't have to worry. They will be more than welcome but make sure you don't slow anything down. Fortunately, ours was not. They are really lovely and kind people. The house: C a luxury B & B. -Luxury is detail. We feel that it has been thought a lot in the way the rooms but also the house have been designed. We had the 2 bedrooms on the 1st floor for us and our grandchildren (3 and 5 years old). Especially our room (Malmaison) was really spacious and comfortable. I like to compare to hotels because it gives a reference. The Saint Eloi Gardens can compete with the best Ritz Carlton, Roomers etc. Definitely 5 stars. Breakfast: Everything is composed of local products especially chosen by Hubert. Delicious ham and cheese with the usual pastries and French jam. The orange juice was also excellent which is not always the case. One thing I didn't think I would ask for was scrambled eggs or an omelet. So I don't know if it's an option Finally garden/location: -both are really quiet and relaxing. You can still see the Milky Way from the garden and the quiet was what we were looking for Conclusion: HIGHLY RECOMMEND :)

Rare are the places where one feels so good... Fatih and Hubert are charming. Welcome, friendliness, human warmth, complemented by humor, gentle presence, humility... and so on. The place is a haven of peace, tranquility, perfect for recharging your batteries. Beautiful rooms decorated with care and taste, a swimming pool to refresh yourself, a shaded garden shared with 2 squirrels,... this place is bucolic and conducive to idleness. It is a must visit place. And to enjoy the region, Hubert will also know how to make you benefit from his rich knowledge, and guide us according to your expectations. Finally, a table d'hôte, where you can enjoy yourself and share a convivial moment with the other guests. Congratulations and thanks to Fatih and Hubert for creating this haven of peace and offering to share it with us.

The elegant and refined setting of a charming guest house. Welcomed by Fathi and Hubert, we were seduced by their warm and delicate environment. Always attentive and benevolent, they are excellent tips for discovering the region, sharing convivial and friendly moments with their hosts. A shared way of life. The breakfast is just amazing in flavors and colors. Our room was comfortable and decorated with passion, a garden with its swimming pool to relax. An unforgettable stay. To discover absolutely. We had a wonderful time at the gardens of Saint Eloi. Hubert is a charming host, very attentive to his guests and not stingy with anecdotes about the region. He perfectly knew how to advise us on the best addresses around. The house and rooms are an ideal setting for any traveler looking for calm and relaxation. A big thank you to Hubert and looking forward to coming back soon. Emmanuelle and Xavier

It is difficult to dream of a more delicate, generous and attentive welcome than that of Hubert and Fatih Monzat in their home with incomparable elegance and charm. An idyllic setting to stay in Corrèze and tour around serenely especially towards the nearby Monédières massif. The table d'Hôtes is amazing from breakfast to dinner with the best fresh products from the surroundings. You can also enjoy a gourmet restaurant a few meters away. We are on a very high-end service but which meets all the criteria that we can expect and even beyond. To discover without hesitation.

Hubert, the master of the place ensures that your stay is at the top. Putting its great culture of Corrèze at the service of its guests. A step that is worth the detour.

The Palace of the bed and breakfast

It is tempting to keep the gardens of Eloi as a secret discovery but it would be very unfair to Hubert and Fatih. who are very generous hosts. There is nothing wrong with the Saint Eloi gardens - a very relaxing environment, a beautiful garden, excellent breakfast and table d'hôte. The attention paid to detail is unparalleled. We were sorry to leave. Gilles & Jane

Delicious stay of 4 nights at the Jardins Saint-Eloi, welcomed very warmly by Fatih and Hubert. The house is very nice. Everything is comfortable, elegant and peaceful. The garden and its swimming pool are a real treat after a day of sightseeing in the area. The hosts are very attentive, adapt to each and hold this house with passion. We were caring for our 10-month-old baby. The delicious table d'hotels and its long discussions contribute to make this stay unique. We wish the Gardens of Saint-Eloi good years, hoping to stay there again during a visit to the region!

A magical and exceptional setting.

This is thanks to its owners of extraordinary kindness and benevolence.

They are adapted to all my food intolerances for breakfast which offers local products and great qualities.

Excellent stay at the Jardins de Saint-Eloi, where we enjoyed the Hironnelles and Malmaison rooms, both very comfortable and tastefully decorated (like the rest of the house for that matter). The place is full of charm (we quickly take a liking to crack by the pool) and the welcome is adorable. We will keep a very good memory of the evenings at the table d'hotes, where we enjoyed in very good company a delicious cuisine. Thank you Fatih and Hubert for your welcome and your good advice. Looking forward to a future visit.

A hidden gem with an elegant eclectic interior, the softest hostess and host and a beautiful soothing garden with a large pool. What you see is what you get. The host also knows many scenic hikes and quiet hikes nearby. Even if the Limousine region is less known, it is the place to be for lovers of food and nature.

Excellent address... stop here!

The welcome... the calm... and comfort were on top. I forgot the breakfast... excellent... with its salty / sweet.

The swimming pool... we couldn't take advantage of it... but it's not the fault of the owners... simply because of the weather.
